Case No. 3:09-CV-106 (GCM)

Response to Receiver's Motion filed 6-23-09

We are investors in Barki, LLC and are in favor of the Receiver's motion for approved claims verification procedures, claims bar date, and propose claims distribution method, and for authority to make interim distribution to investors.

As investors who lost almost all of our investment, we believe that the Receiver's recommendation to use the "rising tide" method of distribution is the only method that is truly fair to all investors.
